

## power roof drain type 86.0 PVC

Part number: 641120  
 GTIN: 4001636641120  
 Rebate group: 10

### Description:

power roof drain type 86.0 PVC

flat one-piece drain, moulded in PVC, PVC membranes can be welded to the flange, for use in roofs with minimum 120 mm insulation

specification:

- side outlet DN 70
- domed grate, secured

material:

PVC

### Flow rates tested to DIN EN 1253:

Nominal diameter	Min. flow rate according to norm	Water level according to norm	Flow rate at water level 5 mm	Flow rate at water level 15 mm	Flow rate at water level 25 mm	Flow rate at water level 35 mm	Flow rate at water level 45 mm	Flow rate at water level 55 mm	Flow rate at water level 65 mm
DN 70	1.70 l/s	35.00 mm	1.00 l/s	3.80 l/s	3.90 l/s	4.10 l/s	4.20 l/s	4.30 l/s	4.50 l/s
DN 70	1.70 l/s	35.00 mm	0.70 l/s	3.20 l/s	7.30 l/s	12.00 l/s	15.60 l/s	16.00 l/s	16.00 l/s
